Management headership - Modern headers Training

Introduction:.

- headership and learning are responsable to each other

This course talks about

- what is a header
- what headership style am i?
- headership and context.
- learning to lead
- leading teams
- Practical headers Tools
- Giving feedback

-> header is the person who leads or commands a group, organization or country

-> Leader is not about age or ethnic background or any experience.

-> It is also about how much confidence we have

-> It is not about the level of authority.

-. header is someone with the ability to inspire or motivate others to achieve a goal.

-. Leader vs Manager

-> Manger is guided by fear & reaction

-> Leader is guided by passion & purpose

* Become an everyday Leader.

* Be humble

* laugh

* having fun and laughing with your team has many benifits

Leadership - Styles

Styles of leader

- Autocratic Leader
- Democratic leader
- Laissez - Faire leader

over the decades many more leadership styles emerged

- Autocratic leader → usually has most of power, authority and responsibility in a situation or in an organization.
- Charismatic leader :- they are natural influencer
- Transformational :- Inspirational leader. Some one who makes transformation. Ex:- take over the company 0 to 100%.
- Transactional :- ~~does the work~~ Style stem from the notation that specific tasks or projects are a transaction.
- Supportive : some one who likes people
- Democratic :- ~~Some~~ quite often happy to team decision. encourage teams to take the decision.

→ Importance of context

3 key pillar :- career, family & community

context :- the circumstances that form the setting for event, statement, or idea, and in terms of which it can be fully understood

↳ learning to lead

Live as if you were to die tomorrow. Learn as if you were to live forever. —GANDHIJI

Leading teams

→ Being a leader is not simply being relationship with others

→ Tools to inspire teams

1. Better question
2. Be fail safe.
3. Be real.
4. Change your communication
5. People first
6. Encourage autonomy
7. Have fun.

- Giving feedback by SBI tool

- 92% say negative feedback Done well improves performance.
- situation, Behavior impact Behavior

Focus on the Big rocks

* Knowledge or priorities is not enough
* Start a new daily habit today.
  Focus on your Big Rock first
  Everything else is just pebbles and sand!
