Course format - How is this course structured?

This course consists of 8 modules (7 lecture modules and 1 exam module). Each lecture module is designed so that it takes about a week to complete. Each module consist of short introductions to the lecture videos and the videos themselves. A module always closes with a review quiz and an R-lab assignment.

Course length

- 8 modules (7 lecture modules and 1 exam module)

Lecture format

- per lecture module: on average 7-11 lecture videos (4 - 10 min.)

Assignment format

- 1 quiz per module.
- 1 R-lab assignment per module (plus two optional introductory R-Labs to get you started).

Exam format

- the final exam consists of 30 multiple-choice questions.

Mark as completed

Basic statistics

1. understand what is being presented
2. support your own study
3. Analyse data & reasoning.

Descriptive

mean &

correlation

Understanding statistics is essential to understand research in the social and behavioral sciences.

variables :- characteristics of something or someone

cases :- something or someone

Characteristics of case is variable (this needs to vary).

Integer/Qual.	nominal.	Difference	order	Similar/Interval	
	ordinal.	+	+	-	-
Quantitative	interval	+	+	-	-
	ratio.	+	+	+	+

→ Discrete.
→ continuous.

Frequency table :- shows how the values are distributed over the cases

Data matrix as a source of all statistical analysis

data → mean, mode, median.
↓
values that occur most frequently

TOTAL POINTS 3

1. Choose the best response for the following situation.

1 / 1 point

You are beginning a phone conversation with someone you do not know.

- ☐ Good morning, sir. I'm calling about your order.
- ☐ Good morning. This is Lillian from the doctor's office. I'm calling to confirm your appointment.
- ☒ Good morning. My name is Andrea Gomez. I'm in the accounting office at ABC Products. I have a question about your order.

✓ **Correct**

When you begin a phone conversation with someone new, it's important to state your name, who you are, and the purpose for the call.

TOTAL POINTS 3

1. Select the correct statement.

1 / 1 point

- ☐ We stress the "a" sound in can and the "t" sound in can't.
- ☐ We use the same word stress when we say forty and fourteen.
- ☐ We stress the "a" sound in both can and can't.
- ☒ We pronounce the "t" sound differently when we say seventeen and seventy.

✓ **Correct**

The "t" in seventeen sounds like /t/. But the "t" in seventy sounds more like /d/.

2. How do we say the number in the following sentence?
